

## Saldatrici DC 2 Poli

2 Pole DC Welders  
Soldadoras DC 2 Polos

## WS TDC

### in corrente continua, generatore trifase a spazzole

direct current welder, three phase alternator with brushes  
de corriente continua, alternador trifasico con escobillas

### WS DC-TDC

La saldatrice è provvista di protezione termica autoripristinabile contro i sovraccarichi.

Il selettore a 8x3 posizioni permette di variare con buona risoluzione la corrente di saldatura.

Caratteristiche tecniche 

**Classe d'isolamento:** H

**Protezione:** IP 23

**T.H.D.** ≤ 6%

**Tensione d'innesco:** 75V

**Elettrodi utilizzabili:** tutti i tipi, inclusi basici e cellulosici

**Optional:** Quadro elettrico, Carica batterie

The welders are supplied with an autoresettable thermal breaker against overload.

The 8x3 position selector allows to change the welding current with a good resolution.

Technical characteristics 

**Insulation class:** H

**Protection:** IP 23

**T.H.D.** ≤ 6%

**Strike voltage:** 75V

**Usable electrodes:** all types, included basic and cellulosic ones

**Optional:** Electrical panel, Battery charger

La soldadora la suministramos con un dispositivo termico que se restablece automaticamente

El selector de 8x3 posiciones permite variar con buena resolución la corriente de soldadura.

Características técnicas 

**Clase de aislamiento:** H

**Protección:** IP 23

**T.H.D.** ≤ 6%

**Voltaje de cebado:** 75V

**Electrodos utilizables:** todos los tipos, incluidos basico y celulosico

**Optional:** Cuadro Electrico, Carga Baterias
